

Overview

This is a mouse.
It is an input device - it gives the computer information.

Mouse Basics

The mouse controls the cursor on your screen.

Using our school keyboard

BLUE button

Click

Press the blue button to select an object on the screen.

Double Click

Press the blue button twice quickly. This usually opens up a program.

Drag and Drop

Click and hold the blue button button, then move an object. Let go of the button to place the object in a new location on the screen.

Scroll Wheel

Roll the wheel to move up and down a page or menu

RED button

The red button brings up a menu to choose from.

Copy Image

Saves an image or text to the computer's memory

Paste

Puts the saved image or text into your document
