Barbara Throws A Wobbler

by Naida Shireen

I really like this book!

Barbara is having one of those days. She has a sock problem *and* there's a strange pea. Then, all of a sudden, Barbara's Wobbler is out of control!

But what happens when a bad mood like this comes along? Barbara has a lot to learn about the ways of wobblers

A brilliantly funny and sensitive way to understand and deal with tantrums.
