Cara the Coding Fairy

by Daisy Meadows

I love the Rainbow Fairy books. This is one of my favourites because the title has my name in it!

Best friends Rachel and Kirsty are very excited to be going to a coding convention! They can't wait to start building their own programmes and apps. But naughty Jack Frost has other plans - to steal the magic of coding for himself!

Cara has fair skin, long brown hair, brown eyes, and wears glasses. She also wears a white shirt underneath an orange-red jacket, black skinny jeans with white polka dots, and silver loafers. Her wings are pointed and red-tinted. Cara's job is to make sure coders and people involved in coding can work well.
