## Maggie Sparks and the Monster Baby

by Steve Smallman

---

*I read this book by myself and I enjoyed it :)*

Maggie Sparks does NOT want a baby brother!

Especially not one who is noisy, smelly and gets ALL the attention.

The good thing is, Maggie's a witch. A super powerful, super smart, super talented witch ... who sometimes gets her spells wrong. But that won't stop her finding a way to win back her mum and dad from the evil monster baby. Especially when she's got Bat, her pet chameleon, to help.
