The Dustbin Monster

Kim Wildsmith

Arlo's snotty mucky dustbin monster has escaped from the dustbin! He's hungry and ready to gobble up all the waste! But what happens to the objects which can be reduced, reused or recycled? Have you ever wondered what happens to the recyclable items you put in the coloured bins? Have you ever thought about turning an old sock into something new? Or thought about how we can reduce the amount of paper we use? The Dustbin Monster, along with Miss Grass have all the answers!

Follow Arlo, his friends and the Dustbin Monster on their journey and become a member of the RECYCLING CREW!
