The Girl Who Planted Trees by Caryl Hart

When a small girl discovers there was once a lush forest on the great grey mountain, she is determined to plant as many new trees as she can. And even though the blazing sun shrivels the new shoots and fierce storms wash away all of her hard work ...she never, EVER gives up.

An uplifting story of one small girl who will not give up on her dream, despite many setbacks. This powerful, hopeful story shows that you are never too small to make a difference and that, by working together with others, anything is possible.
